

Product: Artusi Island
Manufacturer: Arclinea
Designer: Antonio Citterio
Architonic ID: 2046549

Description:

Artusi is strength, rigour and design awareness. Resolute and powerful yet extremely flexible, it offers complete freedom for personalised kitchen layout and design. Wood, lacquers and laminates join forces with steel to give a wide range of personal solutions. Attention is paid right down to the smallest detail.

The Stove is the distinguishing feature of Artusi. This stainless steel island features a 12 cm thick recessed worktop, professional 5 kW burners and cast iron pan-rack, professional sink and sliding chopping board. The back of the Stove has 35 cm deep open shelves.

Artusi Stove in the middle of the room, compact and complete (180 x 105 x 99 cm h) with Artusi ceiling-mounted hood in stainless steel. Right: wall of tall units with in-wall dishwasher, MAC, oven, drawers and accessorised deep drawers.

The living area with table and bench in pearl oak. On the wall, fitted shelves with back panel in aluminium.

The Artusi Stove island, available in three variants and two depths. It has 4 cm thick stainless steel doors with recessed handles.

It always stands on 35 cm tall adjustable feet in stainless steel.
